
INTERVENTION FEES

Free 30-minute consultation. Your information is confidential and facilitated by a certified professional.

How much does an intervention cost?

Family Interventions can take place three days from the start to the day of intervention for your loved one. The cost can be negotiated with a CanAm Interventions Specialist. One of our interventionist will go over all the details of CanAm Interventions financial contract as well. If you live in Canada, we will provide a detailed tax receipt to apply towards a medical expense for your income taxes.

An Intervention is a Gift of Love.

CanAm Interventions has research which shows that the cost of an intervention is much less than ongoing medical bills, hospital stays, and crisis management funds related to alcohol or drugs, and /or other self-destructive behaviors.

At CanAm Interventions, we understand the importance of financial budgets for some families, which our counselors take into consideration when assessing best rehab treatments.
